

The comprehensive range of modern and stylish frameless shower fittings allow architects and decorators to choose from Aspen, Boston or Romano to create the most luxurious bathroom finish.

Offering complete freedom of choice, Estelle hinges, brackets, handles and knobs are "Solid Brass" and uniquely crafted to match perfectly with each other.

The innovative introduction of Hinges and Brackets with covers to conceal all fixing, provides clients with bathroom fittings of an unequalled cosmetic appearance and the added advantage of ease of cleaning.

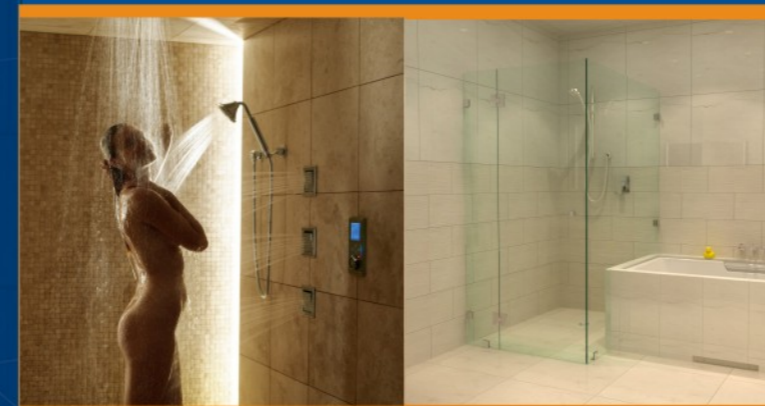

GLOBALIZED ESTELLE

INNOVATION & SUCCESSION SINCE 2002

Estelle products are the result of years of ongoing product research, innovation and testing. Made from materials of the highest standard ensures durability and a mirror like finish. All items are hand made and independently inspected by are own internal quality control, before being individually packaged with an added protective film for increased protection right up to the point of installation.

Proudly distributed by;

Australia's Premium Frameless Shower Fittings

www.estelle.com.au

"The most important fitting in a frameless shower screen is the hinge. It needs to be strong, secure, consistently reliable, installer friendly as well as modern and stylish"

Introducing: - ASPEN, BOSTON & ROMANO. "Engineered to perfection"

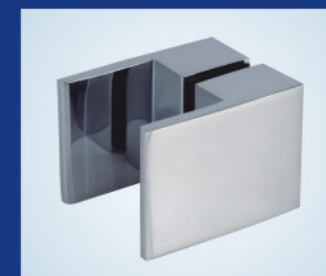

Hinge Features;

- *Strong hinge pin made of high grade stainless steel for faultless durability.
- *Protective coating gives added protection and support to the hinge joint.
- *Innovative waterproofing and strengthening design.
- *Strong internal mounting screws made of quality stainless steel for added strength.
- *Increased chroming creates exceptional durability and a mirror like finish.

So confident are we that Estelle hinges will go on performing for many years to come, we guarantee them for LIFE.

For unsurpassed quality insist on "Estelle". Australia's Premium Brand.

To ensure you are getting a genuine Estelle hinge, each Estelle hinge has a concealed logo that can be seen by request prior to installation.

The BOSTON Range

Traditional Flat square fittings

FH10-3
Boston-Traditional Flat Square
The BOSTON Glass to Glass 135 degree hinge is pre-set to close at 135 degrees. Custom PRE-SET angles are available by request.

FEK
The BOSTON Solid Brass knob or handle perfectly match with the hinges and brackets.

FB1
The 50mm x 50mm Wall to Glass fixing bracket, safely secures the glass to the wall.

FB5
The 50mm x 25mm Floor to Glass fixing bracket, safely secures the glass to the floor. The 25mm leg is petite and non intrusive to the internal shower floor area.
